

High power-to-weight ratio in a compact design obtained by employing 4-pole motor and Li-ion battery.

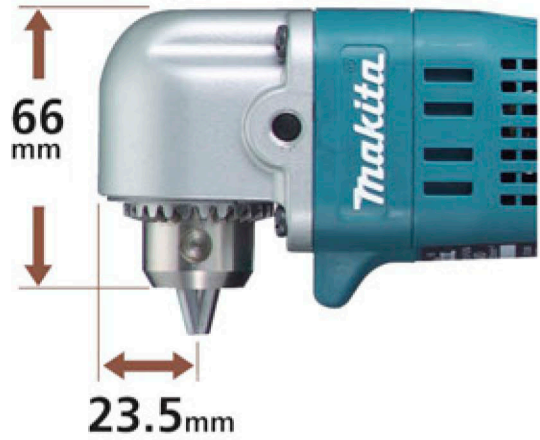

4-pole motor delivers high power for excellent drilling performance.
4-pole motor and Li-ion battery allows for compact and lightweight tool design.

Compact angle head with a small head height

Allows for easy access to screws in tight places.

BDA350ZK-18V

Compact design with a short overall length 314mm provides more control and maneuverability.

Ergonomically designed rubberized soft grip provides comfortable grip and more control while minimizing hand fatigue and pain.

Durable aluminum gear housing

Easy-to-operate large type switch trigger
with variable speed control feature convenient for screwdriving.

Key holder attachable to either right or left side.

LED job light with afterglow function

On pulling switch trigger, the light turns on automatically before motor starts turning; keeps on illuminating about 12-13 sec. after trigger release.

Battery and Charger sold separately.

Cordless Angle Drill BDA350ZK 10mm

- Reversing
- Variable Speed
- Electric brake
- Built-in Job Light
- Carrying Case

	BDA350ZK
Capacity	Steel : 10mm Wood : 25mm
No load speed (rpm)	0-1,800
Dimensions (L x W x H)	314 x 79 x 115mm
Net weight	1.6kg
Voltage	18V
