

# POWERFUL MOTOR

Cutting speed is increased.

## Ergonomic top handle

- Convenient for pruning street trees
- Positioned 50mm closer to chain blade than any other existing Makita model, enabling to apply more force to chain blade also allowing compact design.
- Rubberized soft grip for non-skid operation

## Front handle

## Hand guard

## Automatic chain oiling

Oil tank contains enough amount of chain oil required for work amount on a single full battery charge.

Large View Window of Oil Tank

## Tip guard

- Convenient for overhead applications
- Prevents kickback

## More work amount

on a single battery charge obtained by using 3.0Ah Li-ion battery as a power unit:

## Electric brake

Stops chain blade in 0.5 sec.

## Toolless change and tension adjustment of chain blade

Without removing sprocket cover, blade change and adjustment can be done simply by operating adjust knob.

## Metal hook

Pruning operator can go up trees with both hands free to climb by installing this hook on the end of the rope attached to climbing harness.

## Cordless Chain Saw

- Electric Brake
- Automatic Oiling
- Carrying Case

## BUC122ZK 115mm

430

	BUC122ZK
Chain speed per minute	300m
Cutting length	115mm
Chain	Pitch : 1/4"
Dimensions (L x W x H)	422 x 195 x 215mm
Net weight	2.5kg
Voltage	18V
