

Combination Hammer 32mm (1-1/4")
HR3210C

Satisfy Professional's Needs

SDS-plus 32mm

Learned from the Mother Earth

AVT

ANTI VIBRATION TECHNOLOGY

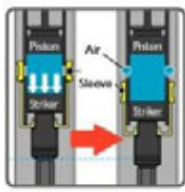

HR3210C 32mm SDS Plus Rotary Hammer

850W

**Forcible Drilling & Chipping
with Ultra-Low Vibration**

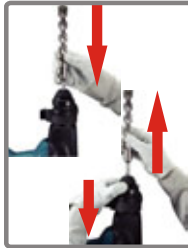

No Hammering while idling ensures the machine's long life.

Torque Limiter protects motor from burnouts by stopping bit rotation when hitting reinforcing.

24 Angle Settings of Chisel Bit increases productivity.

Slide Chuck
● Push-in and Go
● Slide-back and Pull

Electronic control features variable speed control by dial, constant speed control and Soft Start variable speed control
LED Lamp
Green indicates power on machine functioning correctly. Blinking Red indicates maintenance required.

Change Lever in protected position for reduced possibility of breakage even if the machine is carelessly set down.

Rubberized Soft Grip provides more control and comfort while minimizing operator fatigue.

Auto Cut-Out Carbon Brush protects commutator and indicates time for maintenance
Longer Carbon Brush Life by employing large carbon brush.

SPECIFICATIONS:

| | |
|-------------------------|-------------------|
| Max. bit dia. | 32mm |
| Max. core bit dia. | 90mm |
| Continuous rating input | 850W |
| No load speed | 315 - 630r/min |
| Blows per minute | 1,650 - 3,300 |
| Overall dimensions | 398 x 114 x 239mm |
| Net weight | 4.8kg |
| Power supply cord | 5m |
| Carbon brush | CB350 |
| Joule Rating | 5.5 Joules |

FEATURES:

Double insulation, variable speed, electronic speed control, soft start, torque limiter, SDS plus drive & carry case

STANDARD EQUIPMENT:

Depth gauge, side grip & bit grease.
